

Position Title: Livestock Overseer
Entity: MH Premium Farms (MHPF)
Report To: Farm Manager

About Us

MHPF is a private landholder of Australian agricultural assets. We operate 17 properties over 70,000 hectares in Eastern Australia, strategically located over several climatic regions. The portfolio is comprised of:

- Prime lambs, wool and cattle
- Broadacre cropping of cereals and oilseeds
- Irrigated cotton and sugar

Our Philosophy

MHPF's aim is to be a market leading and sustainable producer of livestock and crop. We take a long-term view and continually look for opportunities to grow and improve the business.

About this role

The aim of role is to work closely with the Farm Manager, focusing on livestock management and husbandry as well as assisting where possible with the implementation of the overall Farm Plan.

Key duties and responsibilities

Land Management

- Assist Farm Managers with the implementation of the Land Management Program, focusing on key areas:
 - Pasture assessment
 - Weed Control
 - Pasture Improvement
